RE: Snohomish County Addendum No. 4 to the VISION 2040 FEIS relating to Countywide Planning Policies (CPPs) Southwest Snohomish County Municipal Urban Growth Area (MUGA) Appendix A Map Amendment

Dear interested citizen,

This letter is to notify you that the Snohomish County Department of Planning and Development Services (PDS) has issued Addendum No. 4 to the Puget Sound Regional Council's Final Environmental Impact Statement (FEIS) for VISION 2040. The purpose for Addendum No. 4 is to provide environmental information relating to the non-project action to consider an amendment to the Countywide Planning Policies (CPPs) Southwest Snohomish County Municipal Urban Growth Area (MUGA) Appendix A Map.

The information in this Addendum adds to the analysis of previously identified significant impacts of the alternatives in VISION 2040 FEIS issued in March 2008. PDS has determined that this information does not significantly change the analysis of impacts and alternatives contained in the VISION 2040 FEIS, nor does it identify new or significantly different impacts. Addendum No. 4 is being issued pursuant to WAC 197-11-625 to meet Snohomish County's State Environmental Policy Act responsibility. No comment period is required for this Addendum.

Addendum No. 4 is available online at [www.snoco.org](http://www.snoco.org). In the search box, type in "*Plans and Reports*" and go to the Environmental Documents link. Additional copies of Addendum No. 4 are available for review or sale at the 2<sup>nd</sup> floor PDS office in the Snohomish County Administration West Building, 3000 Rockefeller Avenue, Everett, WA 98201 or contact PDS at (425) 388-3311, Ext. 2206 to order copies. There is a charge for reproduction costs.

Your interest in Snohomish County is greatly appreciated. If you have any questions regarding the content of Addendum No. 4, please call Richard Craig, Senior Planner, (425) 388-3311, Ext. 2304.

Sincerely,

*Barbara Mark for Clay White*

## FACT SHEET

<b>Project Title:</b>	Countywide Planning Policies (CPPs) Southwest Snohomish County Municipal Urban Growth Area (MUGA) Appendix A Map Amendment
<b>Proposed Non-Project Action:</b>	The proposed non-project action is to amend the Southwest Snohomish County MUGA Boundaries map contained in Appendix A of the CPPs.
<b>Notice of Adoption:</b>	Snohomish County PDS adopts an existing environmental document, the Final EIS (FEIS) for Vision 2040, which was issued March 2008, by the Puget Sound Regional Council. PDS has identified and adopted this FEIS as being appropriate to this proposed non-project action. The FEIS meets Snohomish County's environmental review needs for the current proposal and will be transmitted to the county council with Snohomish County Addendum No. 4 to the VISION 2040 FEIS.
<b>Purpose of the Addendum:</b>	<p>This addendum adds information relating to the non-project programmatic county action described above. This information does not result in any new significant adverse environmental impact and does not change the analysis of previously identified significant adverse impacts in the Draft Environmental Impact Statement (DEIS), the Supplemental DEIS (SDEIS) and the Final EIS (FEIS) for VISION 2040. (DEIS issued May 2006, SDEIS issued July 2007, and FEIS issued March 2008 by the Puget Sound Council Regional Council).</p> <p>No additional significant impacts beyond those identified in the VISION 2040 DEIS, SDEIS and FEIS are expected to occur. Revisions to the proposed non-project action may be considered during the public hearing process. To the extent that the existing environmental documents listed in this addendum or other published documents have analyzed such revisions and have been adopted by reference; no additional programmatic non-project action level environmental review will be required.</p>
<b>Description of Proposal:</b>	<p>The proposed amendment to the <i>Southwest Snohomish County Municipal Urban Growth Area</i> (MUGA) map contained in Appendix A of the CPPs (Attachment 1) is comprised of two revisions as follows:</p> <ul style="list-style-type: none"><li>A. Between the Bothell MUGA and Brier MUGA, to reconcile a split property between the two MUGAs (Country Club Mobile Home Park). This would reduce approximately 5.5 acres of unincorporated area from the Brier MUGA and add that area into the unincorporated Bothell MUGA.</li><li>B. Between the Bothell MUGA and Mill Creek MUGA to avoid splitting an existing school building between two MUGAs (Fernwood Elementary School property). This proposal would reduce approximately 7.8 acres of</li></ul>

unincorporated area from the Mill Creek MUGA and add that area into the unincorporated Bothell MUGA.

*Final Environmental Impact Statement for Snohomish County GMA Comprehensive Plan 10-Year Update*, December 2005

## **PROPOSED ACTIONS AND ENVIRONMENTAL REVIEW**

### **Overview:**

The amendment of the Countywide Planning Policies Update is a non-project action under the Washington State Environmental Policy Act (SEPA). This Addendum is not intended to satisfy individual project action SEPA requirements (the review needed for a future site-specific land use or building permit application). This Addendum does not significantly change the analysis of impacts and alternatives contained in the VISION 2040 DEIS, SDEIS and FEIS and the Snohomish County GMA Comprehensive Plan 10-Year Update FEIS, nor does it identify new or significantly different impacts.

### **Prior Environmental Review**

The elements of the environment addressed in the VISION 2040 DEIS, SDEIS and FEIS and the Snohomish County GMA Comprehensive Plan 10-Year Update FEIS included elements of both the natural and built environment: earth, air, water, plants and animals, energy and natural resources, environmental health, population and employment, land and shoreline use, transportation, public services, and utilities.

### **EIS Addendum Environmental Review**

According to the SEPA Rules in WAC 197-11, an Addendum to an EIS provides additional analysis and/or information about a proposal or alternatives where their significant environmental impacts have

been disclosed and identified in a previous environmental document (WAC 197-11-600(3)(b)(ii)). An Addendum is appropriate when the impacts of the new proposal are the same general types as those identified in prior documents and when the new analysis does not substantially change the analysis of significant impacts and alternatives identified in the prior environmental documents (WAC 197-11-600(4)(e), WAC 197-11-706).

This Addendum is being issued pursuant to WAC 197-11-625 to meet the County's SEPA responsibility. The VISION 2040 DEIS, SDEIS and FEIS and the Snohomish County GMA Comprehensive Plan 10-Year Update FEIS evaluated plan alternatives and impacts that encompassed similar general policy direction, land use patterns, and environmental impacts that are expected to be associated with the proposal identified in this Addendum.

The proposal does not substantially change the analysis of significant impacts described in the existing environmental documents. No additional significant impacts beyond those identified in the VISION 2040 DEIS, SDEIS and FEIS county's EIS for the 10-Year Update Supplemental EIS are expected to occur.
